The offender has violated the following supervision conditions since his release:

On December 19, 2006, a urine sample was collected at the community, the same reflected positive results to heroin and cocaine use. The offender admitted the use of these substances. On January 12, 2007, a call was received from Hogar Santísima Trinidad, an in-patient treatment program, reporting that the offender tested positive to cocaine, heroin, and benzodiazepines. They also reported that the offender admitted that he brought the drug from his home.

WHEREFORE, I declare under penalty of perjury, that the above-mentioned is true and correct. In view that the offender has violated his conditions of release, it is respectfully requested that a warrant of arrest be issued so that he may be brought before this Honorable Court to show cause why his supervision term should not be revoked.
